CAPRICORN DECEMBER 22 TO JANUARY 21

At Capricorn you are again becoming aware of yourself, spending your life getting in touch with who you are, what you need and what you like. A new moon highlights short trips and fundamental studies. You are eager to learn new skills and build your vocabulary. Explore unfamiliar neighborhoods and visit book stores and novelty shops. Your mind is hungry for new adventures and the more things you take in, the more stimulated and inspired you become. A new moon falls in your house of love affairs and entertainment. Enjoy theater, concerts, art museums, and glitzy openings.

PISCES FEBRUARY 20 TO MARCH 21

Pisces is the sign of faith. The key words for you are "I believe" that the universe will always take care of you and that all things are meant to be. A new moon promises increased social activity. You may even get involved with group activities or be asked to assume a leadership role with an organization. You'll discover a business connection with some new friends you'll meet at a social gathering. You are ready for some new excitement and a new moon encourages outdoor adventures.

You have very quick and insightful minds that look to the future. Science, science fiction, and fantasy are fascinating to you. You are a fixed air sign and as such you have very firm ideas. You must rebuild structures and allow yourself to form new friendships. Fun, games, and parties are the bright new direction. A new moon falls in your house of associations and dashing, flamboyant people enter your life.

ARIES MARCH 21 TO APRIL 20

The key words for Aries are "I Use" or "I Utilize". As a young person you always find yourself in situations of responsibility. You could be invited to a neighborhood gathering or find you have much in common with those who live nearby. Begin writing projects or take some classes. Your imagination is fertile and whatever you learn, you will retain for later use. The focus for the while is on the fun side of life, so put your work aside and enjoy yourself.

TAURUS APRIL 20 TO MAY 21

You have a gift for knowing the true worth of everything in your life, be it possessions or friends. You have strong need to be comfortable. Taurus is a very sensual sign and likes things that feel good to the touch. A new moon falls in your travel sector and now's the time to plan your next vacation. Opportunities now are not just for meeting new friends, also for learning new skills as well. You'll find yourself luckier than usual if you listen to your inner voice.

Leo answers to the key words "I Create" and they are perhaps the most creative people in the Zodiac. Leo is a fixed fire sign and is the sign of love and pleasure. You enjoy parties perhaps more than even a Libra, and if there is no party going on, you'll create one. You are a born leader, and people flock to you naturally. Reading, studying, and appreciation of different cultures can satisfy your quest for new experience. Foreigners, intellectuals, and philosophical types will come into your life opening new doors for you.

Look into ways to expand your knowledge. Turn your attention toward communication endeavors, new studies, and craft projects. You'll stand out in a group or organization so don't be surprised if your assertive action brings an appointment to a high position.

CANCER JUNE 22 TO JUL 23

Cancers are strongly attached to their families, and their mothers in particular. In families where most of the siblings have moved out of town, the ones that remain or visit often usually have strong Cancer in their charts. A new moon will fall in your house of travel and scholarly opportunities. Return to school or plan a vacation. Both will serve to expand your awareness of the world.

Virgo is a mutable earth sign, and your task in life is to learn how things interrelate, giving you the ability to create systems. Details are the highlight of your day, and you are natural trivia buffs. Travel possibilities come with a new moon. Be sure to make reservations at the finest and most reputable places. You'll have to spend hard earned cash if you want to make this vacation one of the best ever. You may be attending very important public events or be called upon to give a speech. Enjoy the spotlight.

LIBRA SEPTEMBER 23 TO OCTOBER 22

Your charm makes you the perfect social host or hostess. The key word for Libra is "I Balance". You have a natural flair for relationships and rarely find yourself alone for very long. Take active part in a club. You have much to contribute by speaking in front of groups or by displaying wares or other craft projects for recognition. You'll have enjoyable neighborhood parties to attend and might find yourself Christmas caroling on a clear, cool night.

SCORPIO OCTOBER 23 TO NOVEMBER 23

You are very secretive about things in your life. Your key words are "I Desire". The ability to focus on a goal overcoming all obstacles will bring you rewards. Consider coursework for the fall or a vacation. You are more attuned to visions, dreams, and intuitive feelings. Trust your hunches and find an evolved soul to confirm your instincts. You possess specialized knowledge and should share your methods with a nonprofit group of people.

A new moon comes to your house of creative projects. Entertainment, self-pleasure, and recreation unfolds. Enjoy dances, a walk through the park to view spring flowers, and children who engage you in light sports. Fresh air is also invigorating to you. Enjoy meals often.

QUOTES &

Four years of Saint Leo is finally over. I don't think I could have ever made it without the number 1 fraternity on campus, Sigma Beta. Thanks to all the brothers of Sigma Beta. I will bring home a great deal of memories and achievements. Special thanks to Michele, you made me a better person, and I'm very appreciative. I learned a great deal while being with you. Here's to the future. I love you. Thanks Mom and Dad. You gave me the chance and believe it or not, I succeeded. I Love You Both! — **Brett Paul**

NOTES

Thanks Mom and Dad for sticking with me for all of these years — I Love You Both! To my Grandparents — Thank you for all of your love and support! Christina, you'll always be #1 in my heart — I'll love you always. St. Leo Baseball all the way. To the rest of my family, especially Bobby, Kenny, and Mike — I DID IT! — **Larry Jasper**

"It is not how much you are taught that counts, It's how much you learn." — **Brian Gonsalves**

May all Saint Leo college students come to realize that their 4 years here were truly great as mine were. — **Cyndee Thomas**

"You're a nobody until somebody loves you." — **Diana Kolkana**

Good luck with all of your future endeavors. — **Michele Mott**

To all my close friends, you know who you are. Love ya! — **Art Petracco**

I learned of St. Leo's from a remarkable man while I was in high school. He spoke so highly of St. Leo's that it actually sounded "too good to be true." But, I've learned that St. Leo's isn't "too good to be true," it's real. It's a place where what people dream of can and does come true. It's here that I've grown in so many ways and it's here that I had so many wonderful opportunities come my way along with the chance to meet many memorable individuals along the way. And now that I've had the chance to be a part of Saint Leo's, I just want to say "Saint Leo's is a special place, and I'm real glad I had the chance to experience some memorable St. Leo years, that will stay with me throughout the years. I finally did it Mom and Dad! — **Mary Letcher**

Haven't I Seen You Before?

"Don't I know you from somewhere?" This is a line commonly used by everyone. Yet in this case, the line turned out to be accurate. Bernadette Parker and Jerry Petrizi are both freshman at Saint Leo and attended kindergarten together in Stanford, Connecticut. Although they were friends, Berandette and Jerry haven't kept in touch until they coincidentally met here at Saint Leo College.

Joanne Zarro is a sophomore residing in Henderson. She enjoys the friendly atmosphere and the teacher's personal attention. She likes living in Henderson which is conveniently near classes, and in the center of the campus. Joanne enjoys the social life here at Saint Leo, but wouldn't enjoy it as much if she wasn't involved in campus activities. Joanne is involved in many organizations on campus such as Secretary of Campus Ministry, Treasurer of R.H.A., and a sister of Alpha Xi Omega.

Dancing Is My Life

Joel Sherman, a freshman from Tampa, is a dance major here at Saint Leo. In his first semester, Joel was featured in the first fall dance concert. In his sophomore year in high school, he performed in Superbowl XVIII's half time show. In his free time, Joel enjoys going to see productions at the new Tampa Bay Performing Arts Center. Joel is active with the dance department at Saint Leo and plans on getting his BA in dance.

My Dad Is Great

How does a person feel about success? Well, sophomore Cecile Jennings, a transfer from Purdue University answers this question with a smile. Her father, Bill Jennings, just finished a role in an upcoming major motion film called "Eight Men Out". He plays the role of a courageous umpire and co-stars with famous actors as Charlie Sheen, John Mahoney, and A.J. Sweeney. Not only is Cecile excited for the release of the film, but she is very proud of her father's great accomplishment.

The Man Of Many Hats

In this day and age, complete individuality is very difficult to come by. Not that someone can not be their own person, but it is very difficult to do something that someone else has not already done. We at the yearbook staff would like to give three cheers to Terrence Davis, or more affectionately known as "Flounder", by the student body at Saint Leo. Flounder is a man of many talents or should we say a man of many hats. He has the right hat for every occasion.

From Soccer To Psychology

Rick Seaver is from Brookfield Wisconsin. He is here on a soccer scholarship and has been playing soccer since he was six years old. The reason he decided to go to college was to continue his education and to play soccer. He intends to graduate from Saint Leo with a degree in psychology and combine his degree and his sport to become very successful.

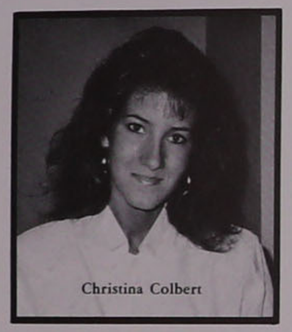
EDITOR'S MESSAGE



Christina Colbert

As Editor of The Golden Legend Yearbook, I have worked hard to involve the whole Saint Leo College Community — students, faculty and staff — in producing a creative collection of memories.

I have strived to incorporate my ideas and those of the staff to reflect a yearbook that will be remembered as long as the memories it portrays.

Many thanks goes out to those who have helped me throughout the year — the yearbook staff, Mr. Robert Ruday, our advisor, Lisa Nunnery, my assistant editor, Jerry Gladstein with Jostens Publishing, Michael Abernethy, and Davis Studios. Also, thanks goes to Larry Jasper and all who have helped me in obtaining information and photos, as well as, guidance and support.

A special thanks goes to Melvin and Dolores Colbert, my mother and father, for giving me the opportunity to attend Saint Leo College where I have been further given the opportunity to lead this production.

I hope that you may share my enthusiasm in the completion of this yearbook and realize, as brought out in the theme, that "It All Adds Up"!

I would like to wish the new editor the best of luck and leave all with the thought . . .

"The thing that makes life is the **accumulation** *of memories."*

— *Leo Buscaglia*

Christina

DEDICATION

We are pleased to dedicate The 1988 Golden Legend to Sister Mary Clare Neukofer.

This year Sister Mary Clare leaves our Saint Leo community to take on the new and exciting challenge of graduate studies at Saint Johns University.

During her fifteen years at Saint Leo, she was, at various times, Director of Religious Programs, Dean of Women, and Director of Residential Life. Under her leadership a much improved Residential Life program took shape. Accomplishments included enhancing and expanding hall programs, upgrading the staff and many building improvements.

We wish Sister Mary Clare all the best and she will remain always in our hearts and memories!

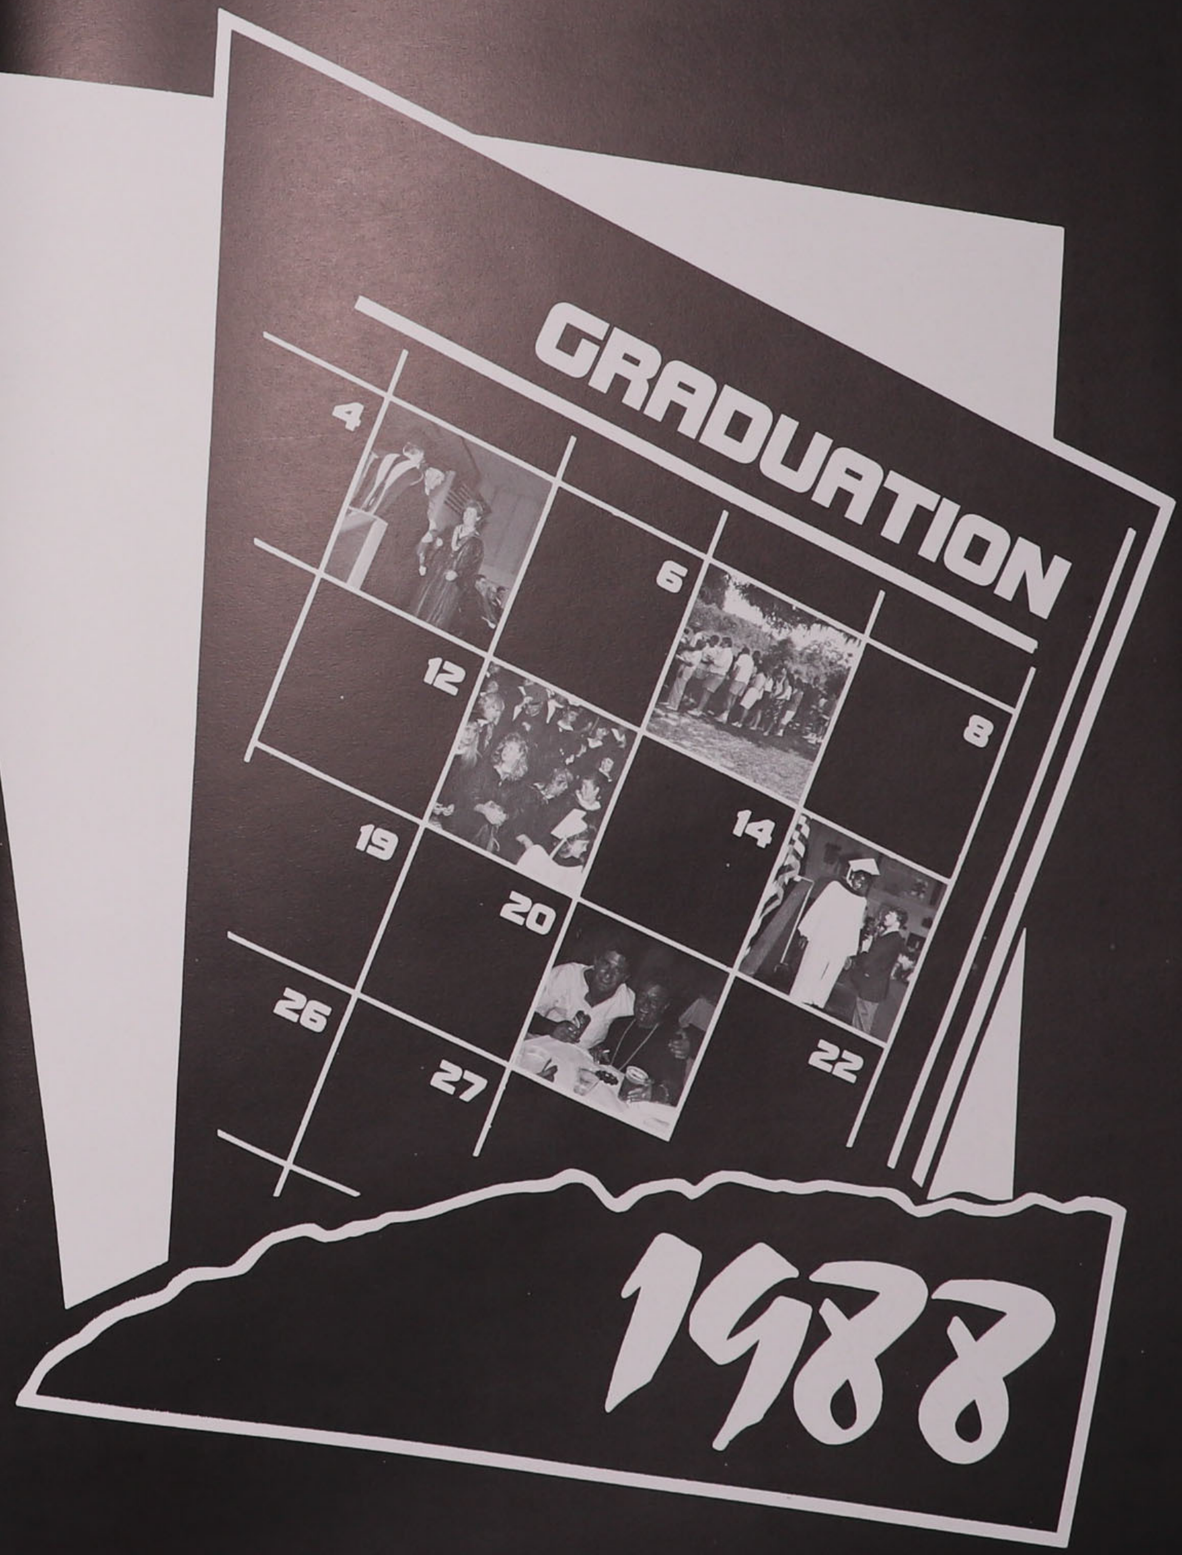
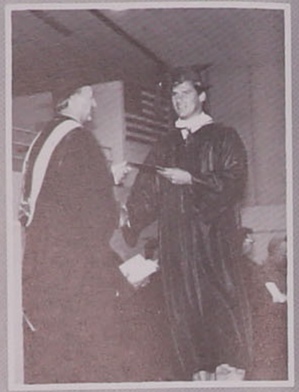
APRIL



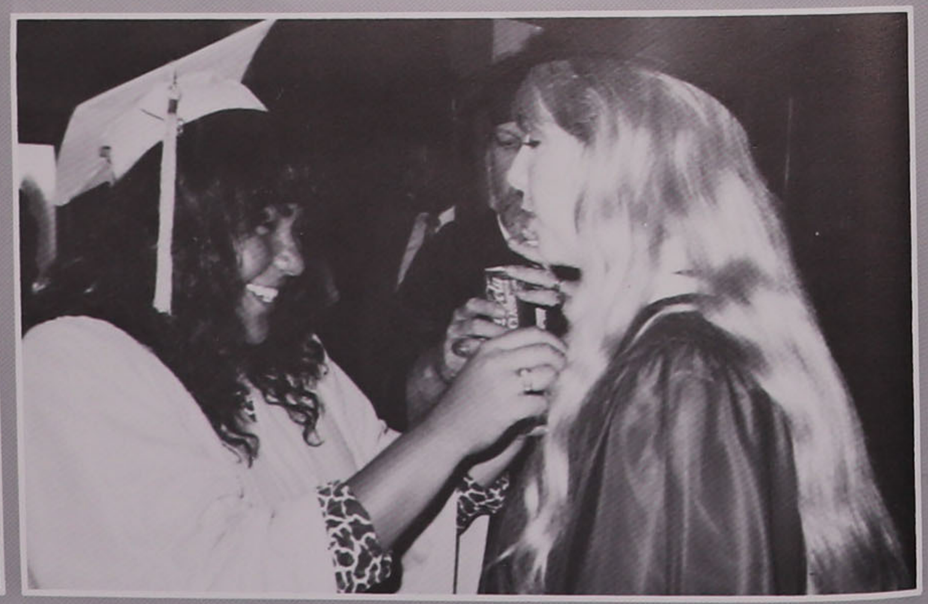
GRADUATION

On a rainy Saturday, April 23, 1988, many Seniors began to march through the slippery walkways to the Marion Bowman Activities Center where they soon would receive their graduation diplomas. Though the weather outside was dreary, the feelings and expressions inside were filled with excitement and enthusiasm.



◖Monsignor Mouch grants many awards and certificates which represent great achievement.
◗"Sully" is the life of the Party when running the video machine on his own graduation march!

Relaxing.



Preparing for the graduation ceremonies is hard but fun work.

GRADUATION

◓Bishop Thomas Larkin, Diocese of St. Petersburg
◖Anxiety is in the air at Graduation Ceremonies Rehearsal???

IT ALL ADDS UP!

In determining the most important expressions of college life to include in this yearbook, we came to the following conclusion:

Just as the months add up to a year, the four years at Saint Leo College add up to an education in life. Each class, each grade, every friendship, experience and memory in those four years add up to an indescribably real sense of belonging.

For it is all this and every other sparkling moment of life's experience at Saint Leo College that makes *it* worthwhile to *you!*
